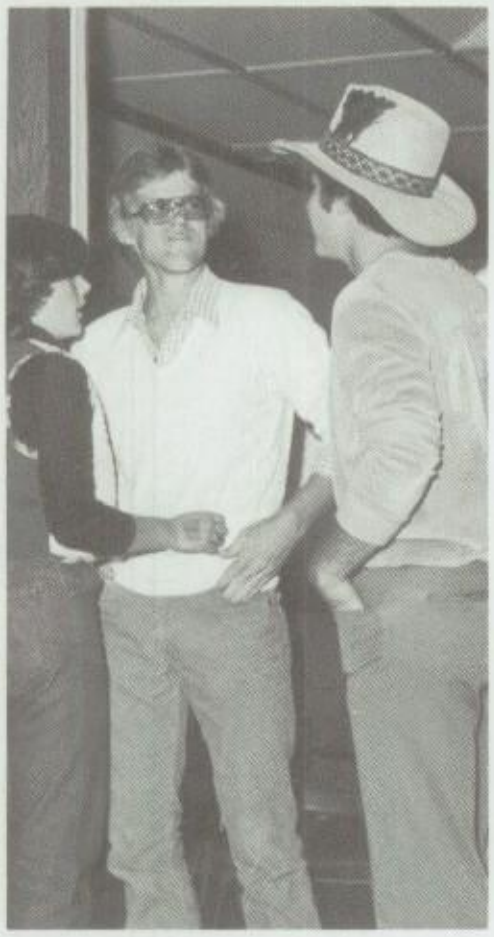
There's A Brand New World Around Us.

Lots of Good News on the Way,

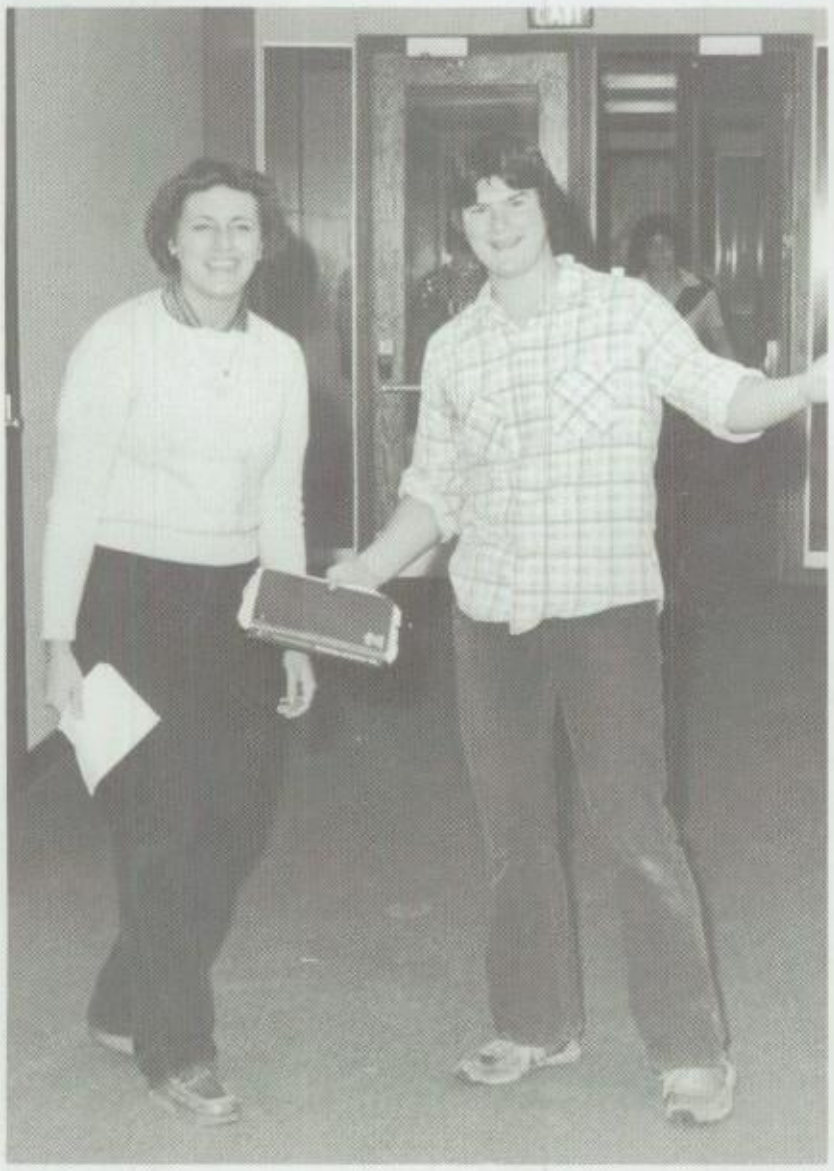
And For Each and Ev'ry One of Us.

It's A Brand New Day.

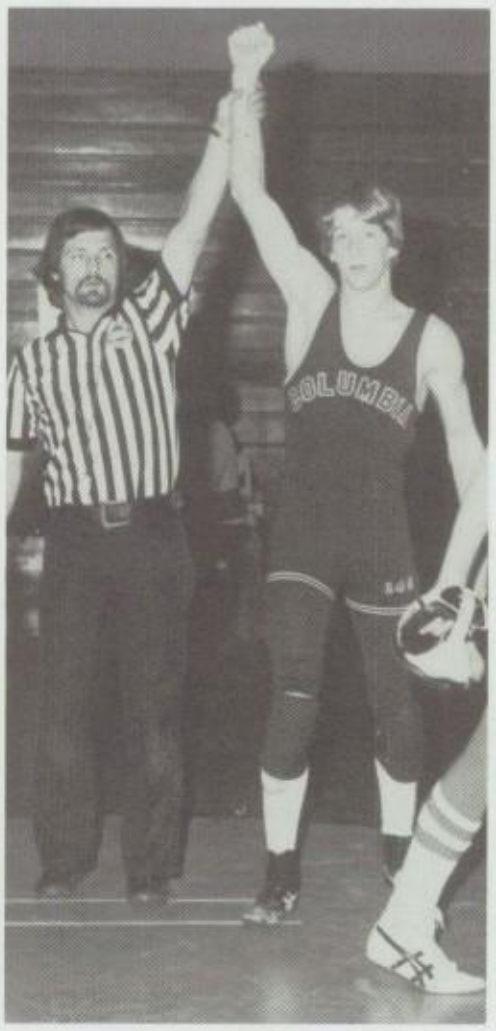
There's A Brand
New
Kind of Meaning



To the Words That
People Say

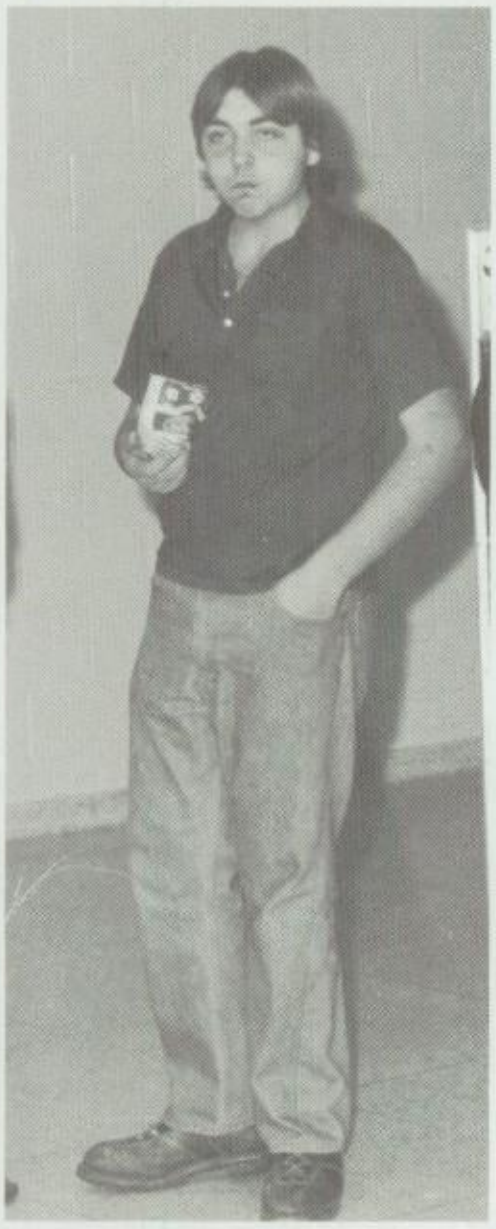


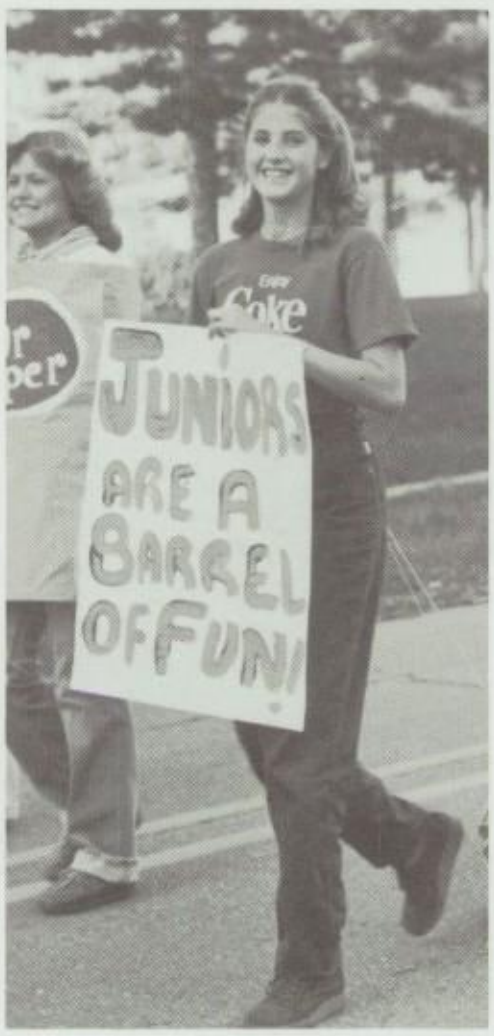
And for Each and Ev'ry One of Us



It's A Brand New Day.

When the Sun Sets in
the Evening, There Are
People Far Away
Who Waken to the
Morning
of A Brand New Day.

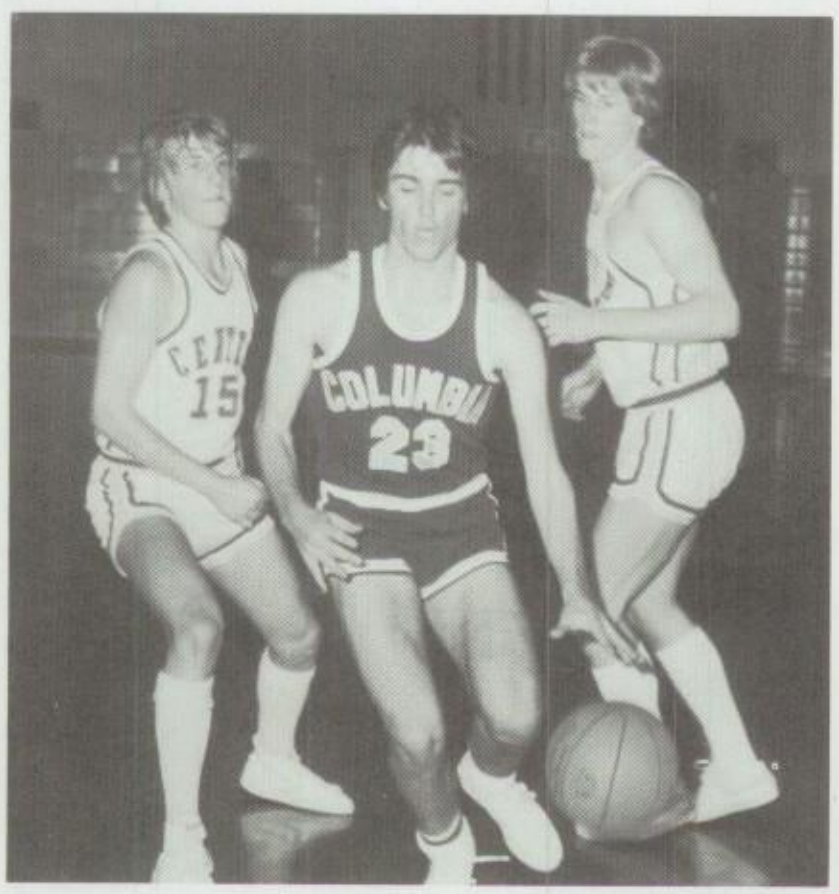


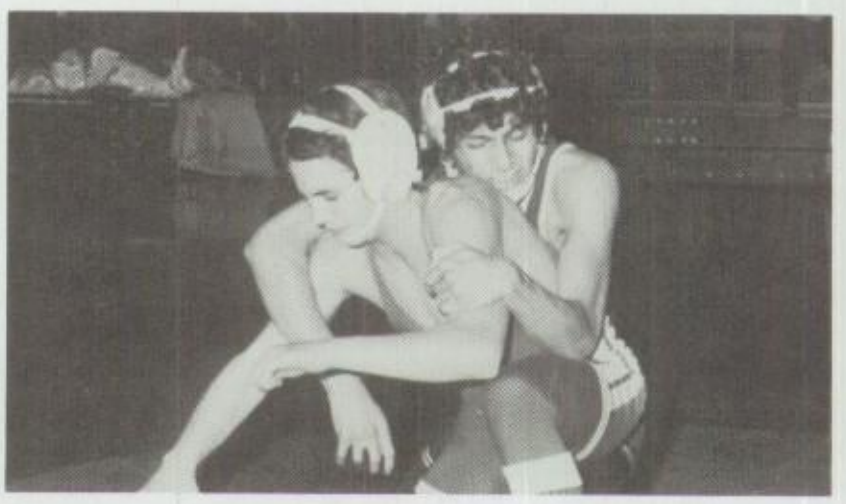


To Say Goodnight to All
Your Friends,
And It Isn't Hard to Say
When You Know that
Tomorrow
It's a Brand New Day.

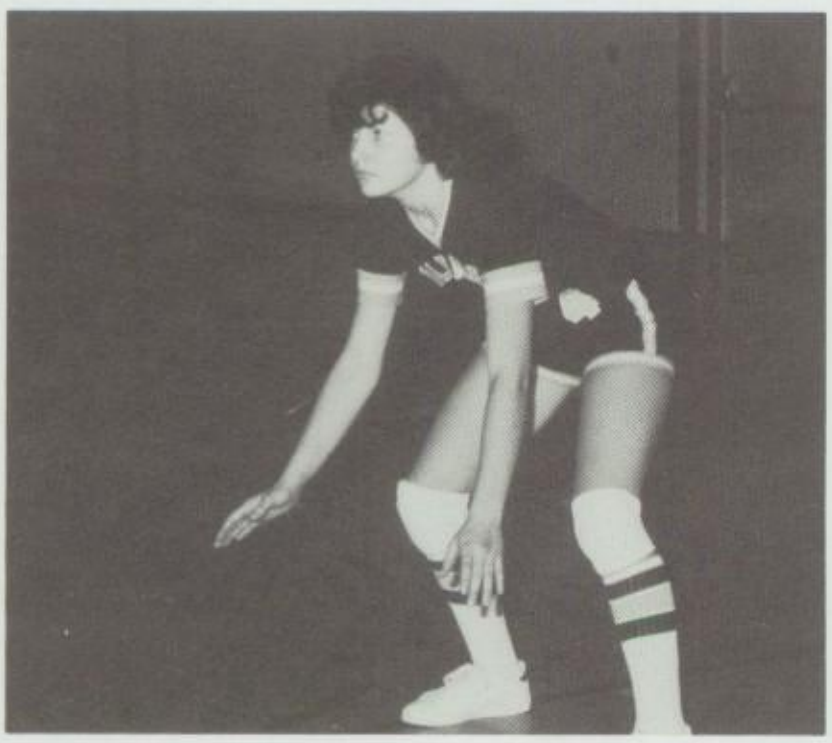
And if You're Feelin' Lonely

Just Look the Other Way





Cause Standin'
Right Behind You



It's a Brand New Day.

SO LONG "TILLIE," WE'LL MISS YOU

After teaching at Columbia for ten years, Mrs. Linda "Tillie" Talton now resides in Monterrey, Mexico, where her husband was transferred. While being exposed to the rich and varied Mexican culture, history, and arts, she, along with her two Siamese cats — Pete and Tillie — will bring the Talton touch to this town.

Though Mrs. Talton is gone, she knows that her "Kids" love her dearly and miss her even more. Just remember, Tillie, we're thinking about you!!!

1. Who's your cute friend, Mrs. Talton???

3. Yep! That's Mrs. Talton, teacher of Art I and II, and advanced art.

Each year students who achieve high standards in academics are given public recognition for their efforts. The Academic Awards ceremony is held twice a year to see that students receive the letters, pins and stars they have earned in academic achievement.

If a student maintains a 3.25 average or better for three consecutive semesters of high school and is on the Honor Roll each card marking, the student qualifies for a letter of recognition.

A year pin is awarded to students who continue to hold a 3.25 average after the fifth and/or seventh semester of high school.

A lamp of learning is awarded to students who participate in the Academic Games.

The public proudly congratulates all recipients of the above awards.

You cannot bring about prosperity by discouraging thrift. You cannot strengthen the weak by weakening the strong. You cannot help the wage earner by pulling down the wage payer. You cannot further the brotherhood of man by encouraging class hatred. You cannot help the poor by destroying the rich. You cannot keep out of trouble by spending more than you earn. You cannot build character and courage by taking away man's initiative and independence. You cannot help men permanently by doing for them what they could and should do for themselves.

Thank You,
Mr. Brown,
for contributing

All American has a beautiful way with homes.

Why wait months when you can move in within weeks.

It takes months to build a stickbuilt home. During that time, material costs go up. Labor costs go up. Material supplies dry up. Every time something like that happens the price you pay goes up.

All American Homes eliminates all that. You move in your new home in weeks instead of months. And the price you agree on is the price you pay.

Old Fashioned ideals in a Modern Day environment.

We're efficient, competitive, and contemporary. But we're terribly old fashioned when it comes to quality of construction. So we build inside where drywall and paint can dry properly. Materials are stored inside, too. We use only stress rated lumber. The highest grade, copper plumbing. Install a 200 amp. electrical system. And we use vinyl-clad window frames and sixteen inch aluminum overhangs on all four sides, which are maintenance free and energy saving as well.

All American homes feature only the top brand names like Andersen insulated windows, Bigelow 100% nylon carpeting, and Armstrong seamless vinyl floors.

You'll appreciate our Energy Savings Option, too. It provides R38 ceiling insulation and R19 exterior wall insulation for maximum protection and, of course, lower heating bills.

Why worry about escalating building costs when you can move into your new All American Home in a matter of weeks. Instead of months.

JACKSON

Don't be
dismayed at good-byes
A farewell is necessary

And meeting
again, after moments or
lifetimes, is certain for
those who are
friends.
